ABOUT ME

Motivated and detail-oriented BCA student with a strong foundation in programming, web development, and database management. I am an enthusiastic learner eager to apply academic knowledge in real-world projects and grow in a dynamic technical environment. Particularly interested in data analysis and Python programming.

EDUCATION

Subodh Public School | 12th | Commerce | 95.4% — **2023-2024**

Bachelors in Computer Applications | Data Analytics | IIS University — **2024-2027**

SKILLS

- Technical Skills : Data Analytics, Python, C Programming, MySQL, HTML, CSS, Database Management
- Seo & Digital Skills: SEO Optimization, Website Analytics
- Design & Tools: Graphic Designing, Canva, Photoshop (Basic)
- Soft Skills: Communication, Leadership, Problem-Solving, Decision-Making, Creativity

EXPERIENCES

SEO Intern – Mobifly | 2026

- Optimized website content for better search engine ranking.
- Performed keyword research and implemented SEO strategies.
- Analysed website performance using SEO tools and improved visibility and user engagement.

PROJECTS

Graphic Design Portfolio

- Designed and created social media creatives and posters using Adobe Photoshop and Canva.
- Focused on visual aesthetics, layout design, and user engagement.

Student Management System (C)

- Developed a console-based application using C programming.
- Implemented functionalities like adding, updating, deleting, and viewing student records.

Data Analysis with Python

- A data analysis project using Python to explore Netflix content trends including genres, country distribution, and content growth over time. Built using Pandas and Matplotlib with a Netflix-style visualization theme.

Personal Portfolio Website

- Designed and developed a responsive portfolio using HTML and CSS and showcased projects and internship experience.
- Focused on UI design, responsiveness, and user-friendly navigation.
